Meeting rescheduled due to inclement weather

Howard County Department of Public Works to host public meeting on Stephens Road bridge replacement project

ELLICOTT CITY, MD – Howard County's Department of Public Works (DPW) public meeting to review the Stephens Road bridge replacement project has been rescheduled for Wednesday, March 7. The meeting was originally set for February 7, but cancelled because of Howard County public schools being closed due to inclement weather. The meeting will take place from 5:30 to 7:30 p.m. in the media center at Forest Ridge Elementary School, 9550 Gorman Road in Laurel.

The project will involve the widening of adjacent road segments and replacing the bridge over the Hammond Branch of the Little Patuxent River. The project is expected to begin in the fall of 2018.

While there will be no formal presentation, displays will be available to view and DPW staff members will be on hand to explain the proposed plan, answer any questions and gather public comments.

Those unable to attend the meeting who would like to view the proposed plans and/or have questions regarding the project should contact Brandon Love with DPW's Transportation and Special Projects Division at 410-313-5398 or by email at blove@howardcountymd.gov.

An interpreter for people who are deaf or hard of hearing will be available if requested seven working days prior to the meeting. Please call DPW at 410-313-3440 (voice) or use Relay at 7-1-1, between 8:00 a.m. and 5:00 p.m., Monday through Friday.

For questions or more information about Capital Project J-4202, contact Lisa Brightwell, Public Works Customer Service, at 410-313-3440 or by email to publicworks@howardcountymd.gov.
